CANAL POINT, PALM BEACH COUNTY, FLORIDA, FRIDAY, AUGUST 17, 1934

\$2.00 PER YEAR

## CASTLES IN THE GLADES

Once in a blue moon we stumble upon a forebode of that perfect which must be heaven. I did. My trip to Miami was just that. I could go along, item number one, for I must admit that, although I am somewhat ashamed of being so old-fashioned and unimpressed, I still enjoy my husband's company more than any other man. Item number two: the three blades grass that sent me a check to aid in the good cause of painting Miami red; a totally unexpected and delightful and thoughtful gift. Item number three: the people we met seemed to have one idea only: to enjoy the moment as full of enjoyment as it could be packed. Perfection? If I knew a stronger word I would use it.

The story of our personal and interesting activities during the trip along in this Kolium, which is supposed to be a record of engineering work although, believe me, I took engineering to work into two days all that we planned to do. Success, crowning achievement, however, with a trip to the Pan-American airport for good measure. As you have seen, the trip was, be sure to include it in your next Miami hedge.

So, meet us at the government warehouse at nine o'clock Wednesday morning to start the most interesting story of your life. Bill Hunter, chief clerk of the Miami Beach, engineer office, is here to act as our official guide, and the Corozal tug, the "Captain Al," is waiting to take us down the bay to the big ladder dredge, where the fresh air clears the cobwebs out of our heads, left there by too little sleep the night before. The ladder is sparkling, laughing, bubbling. Coming up to the Corozal we are greeted by her and the fact that she is built, not like our lake dredges, but on the clean and sweeping lines of any ocean-going steamship. Up her middle goes a line of buckets that looks for all the world like a Ferris wheel, high-backed chairs and all. Captain Watter, of the Calipsochar, waves a friendly smile gently from the upper deck—he's a visitor on construction.

All right—hop on as the tug pauses for a moment close to the side of the dredge. Here is Cap-

## 73-Year Old Grandmother Nonchalant After First Plane Ride With Grandson

"There's nothing to it," Mrs. W. W. Pope, 73-year-old grandmother remarked to her pilot-grandson Z. A. Geiger, following her first airplane ride last Friday at Palm Beach. Mrs. Pope went aloft from the field at Boca Point where Mr. Geiger maintains a landing field for his personal plane and was accompanied by Mrs. Geiger who often takes trips with her husband. She enjoyed the experience, Mr. Geiger said.

Mrs. Geiger owns a three-place "Challenger" plane in which he is adding to his nearly 200 hours of piloting. He will try for transport pilot license when he has reached 200 hours of solo flight. Mrs. Pope, who lives in Alhambra, Cal., is visiting her sons, A. and W. W. Pope, daughters and grandsons in Palm Beach and Canal Point during the summer.

## CROP LOANS TO BE AVAILABLE IN PALM BEACH COUNTY

### Local Committees Appointed To Distribute Applications

### TAKE CROP LIEN

### Cannot Borrow Funds To Increase Planting Or Production

Application for seed crop loans, totaling from \$25 to \$350 may now be made by Everglades farmers and other growers in south and central Florida, according to a statement made by L. O. Creger of Fort Lauderdale, who is acting as supervisor of the emergency crop loan office of the Farm Credit Administration.

Local committees have been appointed for Palm Beach county which has been divided into two sections. The committees are as follows: Orrin Manning, South Bay; Gen. McArthur, Palmetto; Howard J. Sharp, Canal Point. Whether Mr. Sharp will serve as committee man from Canal Point has not been ascertained.

## Navy Beans, Syrup May Take Place of Fresh Vegetables

If recommendations made by Secretary of State Robert A. Gray, are followed, state produce farm No. 2 near Belle Glade in the Everglades section of Palm Beach county is chairman and members are A. E. Fritz, Lake Worth and Adolphus of West Palm Beach. Blanks were released Wednesday. Regulations under which the crop loans are to be made provide that any farmer obtaining a loan must have a statement from the county production committee, where one exists, that he does not intend to increase his acreage or production in violation of the agricultural adjustment administration program. Where there is no county production committee he is co-operating with the production committee.

Loans will range from \$25 to \$350, and where the loan is more than \$150 the farmer must first apply for a loan from the Production Credit Association. The rejection of this application will be a bar to the farmer's obtaining an emergency crop loan office that the farmer has no other credit available. The county production committee is to obtain a loan elsewhere and he may then make application to the county production office.

The loan office is to be given a first lien on all crops planted and grown at the time the mortgage is signed, or to be planted or grown at the time the mortgage is signed. The mortgage must be recorded in the county where the crops are grown. Committees in some of the adjoining counties are:

Marion county—G. S. Moore, county agent; Dr. C. B. Ellis, chairman; C. E. Simmons, and Frank Bradley, all in Okeechobee.

## Little Information On Status Of Plans Available

Construction of the proposed municipal water system in Pahokee is being held up, at least temporarily, by the Washington office of the Public Works Administration, members of the town council stated this week. The project was approved by the Smith-Hendrickson committee, one of the bidders.

The Smith-Hendrickson bid, a bid covering all items but one, said to have been having trouble collecting from E. A. Bass, special attorney for the town, stating that the matter was being checked up by federal authorities. The Smith-Hendrickson bid, a bid covering all items but one, said to have been having trouble collecting from E. A. Bass, special attorney for the town, stating that the matter was being checked up by federal authorities.

Part 1—Items A, B, and C—Intake crib and intake line—\$14,800. Part 2—Items D, G and H—Clear well, pump house and concrete foundation—Frank Gaines and E. F. Powers Construction Co., \$14,805.00.

Part 3—Items E and F—Complete intake system, including a Bascara Co. Kansas City, Mo., \$10,670.00.

Part 4—Items J, K, L, M, N—Pumps, motors and engines—Frank Gaines and E. F. Powers Construction Co., \$6,785.00. Part 5—Item O—Elevated tank—R. D. Cole Mfg. Co., Newman, Pa., \$2,900.00.

Part 6—Item Q—Valves and hydrants—R. D. Wood & Co., Philadelphia, Pa., \$1,775.18.

Part 7—Items P, R, S, P—Piping, laying Universal Cast Iron pipe, Boyce & Co., Clearwater, Fla., \$138,186. Total of bids, \$286,279.48.

## County Prohibition To Be Voted On In General Election In November

The county commission Monday called a special election county prohibition laws to be conducted simultaneously with the general election on November 6. A local option vote in Palm Beach county on the prohibition question has been sought by many petitioners on the grounds that, should the proposed repeal amendment to the state constitution be ratified by voters on November 6, this county still would find itself dry, because of county prohibition laws passed in 1917. The county election conducted simultaneously with the general vote will give the people a chance to decide for or against prohibition for themselves without expense of a special election, sponsored months ago by Mayor John Shepard of Palm Beach, and they both have names when E. Harris Drew, Palm Beach town manager, presented them to the commission Monday. The commission certified them as containing no fraud, and the percentage of registered voters.

## Seed Houses Opening Soon For Fall Farming Season

Seed and fertilizer houses in the Everglades section of the county that were closed during the summer months, will be opened some time this month to take care of farming season demands of the fall vegetable crop.

Several firms remained open during the summer. Kilgore Seed Company at Belle Glade and Pahokee keeping their warehouses and offices open all the year and the Lake Shore Supply Company maintaining service at their Pahokee house. The Sand Out and South Bay warehouses of the Lake Shore Supply Company will open next Monday.

W. D. Tansel, president, stated the new manager for the Kilgore Seed Company at Belle Glade was expected to arrive this week. J. R. Miller, former seed manager, reported. The new manager of Belle Glade is a Mr. Risk and comes from Homestead.

Grant Distributing Company will open for business between the Lake Shore Supply Company and the first of September. U. T. Grant, president, stated. Mr. Grant will head the business office. By his late father, and F. J. Colson will be field representative. Mr. Grant expects to have in shipments of new

## BIDS FOR ST. LUCIE CANAL SPILLWAYS TO BE OPENED SOON

Sealed bids will be received at the U. S. Engineer office in Jacksonville on September 14 for furnishing all plant, labor, material and performing all work required for construction of 17 drainage spillway structures on St. Lucie canal, according to a legal advertisement published for the first time Thursday of this week. The structures will be located between lock No. 1 at Lake Okechobee and lock No. 2, 10 miles west of Stuart.

The call for bids is for part of the Lake Okechobee flood control and navigation project and the work is designed to prevent washing of silt into the canal during periods of excessive rainfall.

Construction of the spillways is estimated to require 12 months time with 20 skilled workmen and 100 laborers.

Opening of bids on six lakefront drainage culverts between Boca Point and St. Lucie canal will occur at about the same time.

## First Concrete Pour Was Made Monday On Storm Gate

Pouring of first concrete on the Miami hurricane gate foundation started Monday of this week, following transfer of equipment and crews from the Canal Point job late last week. M. M. Powell, construction superintendent in charge of the Canal Point job, is giving his full time to the new foundation work. Two mixers and one concrete pump were used on the job. The concrete was placed in the foundation by the use of a crane. The concrete was placed in the foundation by the use of a crane.

Inspector Ben J. Benton, whose supervision the Canal Point foundation structure is being built, and other government inspectors, accompanied the contractor's crew to the new job. Inspector R. W. Wardwell is completing at Canal Point during erection of the steel structures that will complete the layout.

Concrete work on the hurricane gate job at the mouth of the boro and North New River canals, which is being completed, has been set and almost completed. All of the embankment work on the hurricane gate job has been set and almost completed. All of the embankment work on the hurricane gate job has been set and almost completed.

The drainage with Operator J. D. Patrick, which has been backfilling the canal at the top of the canal, will be completed by the end of the week. The drainage with Operator J. D. Patrick, which has been backfilling the canal at the top of the canal, will be completed by the end of the week.

Painted in white letters 20 feet high, direction signs and place names for guidance of airplanes are visible from an altitude of 5,000 feet on clear days.

## "THE TRULY DISTINGUISHED MAN PREFERS THE PROVISIONS"

EARLY PLANTING IS DELAYED BY HEAVY RAINS

Should Not Appreciably Affect Total Season's Production

ISLANDS ARE WET

Rainfall Above Average For Month of August

Early preparations for the Everglades fall vegetable season is at a virtual standstill this week following heavy rains in all parts of the territory and week or more of fall water will be required to dry most of the land except for plowing farmers' land.

The situation, due almost entirely to rainfall above the average for August, is said by farmers, is a temporary condition that can be overcome by several days of dry weather. In the meantime, the heavy rains have caused a lot of planting in the next week or so, have been dismissed by many.

Much water in the Glades, south of Lake Okechobee is reported, and east side of the lake, except the St. Lucie, are flowing into the lake. The situation, due almost entirely to rainfall above the average for August, is said by farmers, is a temporary condition that can be overcome by several days of dry weather. In the meantime, the heavy rains have caused a lot of planting in the next week or so, have been dismissed by many.

## GATE STRUCTURE TO SHINING EXAMPLE WORKMANSHIP

50,000 Bags Cement Went Into Canal Point Foundation

Government officials as well as the contractor's crews are proud of the levee hurricane gate structure at Canal Point, declaring that the massive concrete built an example for crews on three other gates under contract to emulate. Concrete work has been completed and preparation is being made for fabrication of the steel gates.

The hurricane gate foundation structure consists of two walls between which a navigable channel will be cut. The walls are 100 feet high and 10 feet thick. The walls are 100 feet high and 10 feet thick. The walls are 100 feet high and 10 feet thick.

Approximately 10,000 cubic yards of concrete went into the foundation, necessitating weighing and mixing approximately 6,250 tons of gravel, 6,000 tons of sand and 50,000 bags of cement. Reduced to pounds, the amount of gravel and sand that was dumped in the batter plant, weighed and mixed with cement, was 24,500,000 pounds.

The twin gates, swinging from each side of the walls, will weigh 100 tons each. The gates are steel which anchors the gates to the foundation weighing 10 tons each. The gates are steel which anchors the gates to the foundation weighing 10 tons each.

## FAMILY BACK FROM VACATION ABROAD

Mr. and Mrs. E. L. Wouters and their family returned from a three-month trip abroad this week. The family returned from a three-month trip abroad this week. The family returned from a three-month trip abroad this week.

## WOMAN HURT

Miss Lily Bowers, daughter of Jim Bowers of Indianapolis, was hurt when she was struck by a car while walking on a sidewalk. She was hurt when she was struck by a car while walking on a sidewalk.

## GOAT BE TRAINED

Many a boy who is to be a cowboy has a goat. A boy named Goody's goat is trained to follow him. A boy named Goody's goat is trained to follow him.

## GLADES WEATHER

Temperature and rainfall at Canal Point for week ending August 12, 1934.

## GLADES WEATHER

Temperature and rainfall at Canal Point for week ending August 12, 1934.

## SOUTH BAY NEWS

**MISS WILLIS ENTERTAINS**  
Miss Elsie Mae Willis has recently been at a party at the home of her parents, Mr. and Mrs. H. C. Willis, on Friday evening. Names and light refreshments were served to Mary Challenor, Louise Rawley, Andy Dunn, Dick Miller, Betty Rawley, Elsie Willis, June Goodhead, Jack Hatley, Vernon Woodham, Mary Louise Mitchell and Delle Woodham. The young ladies remained at the close of the party and enjoyed a slumber party.

## PRIVATE DANCE

Mr. and Mrs. W. H. Rawley entertained at a select dance at their home on Saturday night. The radio furnished the music and delicious refreshments were served during the evening. Attending were Mr. and Mrs. M. F. Gay, Mr. and Mrs. V. L. Golder, Mr. and Mrs. Roy Harris, Mr. and Mrs. Wm. Burke, Mr. and Mrs. Marion Overcast, Mr. and Mrs. C. Forbes, Mr. and Mrs. F. W. Mutchler, Mr. and Mrs. W. H. Rawley.

## MOTOR TRIP

A party of Chosen ladies enjoyed a motor trip to Tampa, Lakeland, Clearwater and St. Petersburg last week. Those making the trip were Mrs. B. Arbust, Mrs. H. Hutchins, Miss Fern Huchins, Mrs. Charles Sells, Fula Mae Sells, Mrs. Emmett Fuller, Margaret Fuller, Phebe Arbust, Mrs. S. Fleming.

## GIRL SCOUT CAMP

The Girl Scouts met at the Health Center on Saturday afternoon to complete the details of the week's camp at Jupiter. The young ladies and their sponsors were taken down on Monday morning. Captain E. B. Forbes is his house car. They will remain in camp until next Monday. Miss Madeline Gordon of West Palm Beach, who holds the Red Cross life saving badge will be the swimming instructor at camp. Scouts attending were Mary Louise Jeffries, Mary Challenor, Louise Rawley, Betty Rawley, Geraldine Barstow, Elsie Mae Willis, Jewell Vison, Mary Louise Mitchell and Scoutmaster Mrs. W. H. Willis. Mrs. H. Rawley and Mrs. F. W. Mutchler attended as chaperones.

## PERSONALS

Mr. and Mrs. Loui Betzner and family and Mrs. Bertha Pemberton guests of Mr. and Mrs. Frank Lockmiller on Sunday. They have just returned from a trip through Yellowstone Park. They report a rather thrilling encounter with a bear in the park. Mrs. Pemberton was taking a picture of a bear when the obliging bear, thinking perhaps that she did not make a close enough shot, started towards her. Mrs. Pemberton retreated to the car but before they could get the car started, the bear placed his forefeet on the fender and thrust his head into the car window, thus posing at close range.

Murray Gay has purchased a new car for a runabout. Mrs. Louis Gray of Tallahassee is moving to South Bay to make his home.

Mrs. J. S. Lee and family, who have been visiting J. H. Jones, have returned to their home in Waycross, Ga.

Mervin Hatcher visited his mother in Palokah last week. Sheriff W. H. Lawrence, George Ryan and John McKendrick, who were here on official business.

Mr. and Mrs. Floyd Mountain of Cleveland visited Robert W. Robbins.

Mr. and Mrs. Garner and Clatie Mae Garner left the last of the week for a vacation in Ohio.

William Hall is spending a fortnight's vacation at Seaboard, Ga.

Mrs. P. Cunningham, W. H. Cunningham, Jr., Elizabeth, Robert and Millie have been visiting friends here.

Mr. McClellan and son Malcolm of Plant City visited here en route to points on the east coast.

Turner, Hammond, spent the week-end in West Palm Beach. E. J. Eddy visited friends in Palokah recently.

C. A. Martin was a week-end visitor in West Palm Beach. Bernice Hammond spent the week-end with her mother in West Palm Beach on Sunday.

Mr. and Mrs. L. M. Mathis, John Billy, Menden, Clarence and Bobby Mathis and Mrs. Maude Taylor have returned from a month's visit to relatives and friends in Texas. Roy Hudson is reported to be ill with the measles at his home in West Palm Beach.

J. Lee has returned from a visit to relatives in West Palm Beach. R. L. Hatcher of Palokah visited at the home of the last of the week.

Louise Jones has returned from West Palm Beach and is visiting her father, P. W. Jones. Miss Bonnie Gardner has returned from a vacation in North Carolina.

Frank Franz is cleaning off his garage. The lots around the Gardner apartments are being beautified.

often years ago a resident of Okaloosa.

Madeline Wright and family have moved into their new home on Lake Avenue and Third Street.

The Jones hotel and friends staked an electric piano and held a dance there on Saturday night.

T. W. Jones made a trip to West Palm Beach accompanied by his son, T. W. Jr., who remained at the county seat.

Mr. and Mrs. F. B. Nance of West Palm Beach were guests of Mr. and Mrs. Walter Templeton on Saturday.

Miss Betty Rawley was an overnight guest of Geraldine Barstow on Saturday night.

Mr. and Mrs. Sam Fleming of Chosen were Sunday visitors at the home of Mr. and Mrs. J. M. Denton and family.

Read Supervisor VanLandingham of Miami was here on official business the first of the week.

Mr. and Mrs. C. Hardy contemplated a move to the home in South Bay. Mr. and Mrs. W. H. Willis and Ernest Rhodes made a pleasure trip to Miami on Sunday.

The current in the North West River canal is now running into the water this season.

Dr. A. D. Knowles, veterinarian, is treating a horse with a 30 head of horses and mules against a contagious disease that is spreading in this region recently.

J. Herring, making a trip to his home in Florida, visited the entire plant under water to a six-inch rainfall in that locality.

Mr. Alfred, president of the L. D. Sunday schools for the Florida State, visited in South Bay, Florida, and Wallace stopped in South Bay to visit the local church en route to the Herring home.

Dr. Pierce gave an address on the Book of Mormon which was held at the home of Mr. and Mrs. H. C. Willis.

Mr. and Mrs. J. Herring made a week-end trip to Okaloosa City where Mr. Herring attended to business matters and Mrs. Herring visited at the home of Mr. and Mrs. O. G. Powell, formerly of South Bay.

Mr. and Mrs. H. C. Willis left on Thursday for a week's visit in Miami.

Mrs. J. S. Scogin, who has been visiting relatives and friends in north Alabama and Birmingham for the last two months, has returned to her home in Okaloosa.

Miss Blanche Rayle has gone on a visit to Asheville, N. C.

Mr. B. E. Egan spent the week-end in Miami and brought back his sister to make a visit in Lake Harbor.

Bert Little was a business visitor recently and reports all land in the vicinity 6 miles below Miami Lakes submerged at present.

Frank Holmes is enroute home from his vacation spent at Prater, Ind. He plans on coming via Evansville, where he will meet Mr. and Mrs. E. B. Steele, who will accompany him home.

The lake stands at 16.9 feet at Miami Lock.

Charles E. Thomas of Ritta Island has returned from a trip to Georgia, and his brother, Thomas, visited a sister at Madison, Fla., and brought back his son, who has been away at school.

Mr. and Mrs. Dan Waldron, who have been visiting in West Palm Beach this year, were out visiting friends in this vicinity a few days ago.

Mrs. Bonnie Weaver of Bare Beach, who has been seriously ill, is much better and it is thought will not have to submit to an operation as was feared.

Mr. and Mrs. J. B. Grant and family who have been visiting in northern Alabama for some weeks, returned to their home at Sebring Farms last week.

J. S. Scogin planted a bag of beans the first of the week. Considerable land has been run down and plowing is started in this section.

C. W. Ogilvie and family, who have been living in Belle Glade for the last year, are planning to return to Lake Harbor shortly.

Charles Morris and Grace Daniel, who have been visiting in Lake Harbor, returned from a motor trip to Sebring, Fla. They report that there are no dependents in that section, everyone buying their own oats.

Mr. and Mrs. family, accompanied by Emory Wald and family of Cleveland were visiting friends here on Sunday.

Mr. and Mrs. Marion Overcast are moving to Lake Harbor shortly.

Mr. and Mrs. D. R. Layfield and children have returned from a two week visit to relatives with relatives at Lake City.

J. K. Baker is setting up a bulk gas and fuel oil station at the home of his son.

Frank Franz, a daughter Opal, and a party of friends have returned from a motor trip to Portland, Maine, Niagara Falls and Chicago.

Mr. and Mrs. Marion Overcast are moving to Lake Harbor shortly.

Mr. and Mrs. D. R. Layfield and children have returned from a two week visit to relatives with relatives at Lake City.

J. K. Baker is setting up a bulk gas and fuel oil station at the home of his son.

Frank Franz, a daughter Opal, and a party of friends have returned from a motor trip to Portland, Maine, Niagara Falls and Chicago.

Mr. and Mrs. Marion Overcast are moving to Lake Harbor shortly.

Mr. and Mrs. D. R. Layfield and children have returned from a two week visit to relatives with relatives at Lake City.
